

NSBT  
JAVA SCRIPT ASSIGNMENT

1. Create the HTML page according to the given snapshot. You need to add JavaScript validations for the fields as mentioned below:

The screenshot shows a web application interface with a top navigation bar containing links: Product, Application, Receipt, View, and Report. Below this, there are two tabs: "Customer Information" (active) and "Loan Information". The form is divided into three main sections: Personal Information, Employment Details, and Address Details. Each section contains several input fields, some of which are marked with an asterisk (\*) to indicate they are mandatory. The "Personal Information" section includes fields for Gender, Last Name, Nationality, First Name, Full Name, and Date of Birth. The "Employment Details" section includes fields for Occupation Type, Organization Name, and Total Work Experience. The "Address Details" section includes fields for House No, State, Country, and City. At the bottom right of the form, there are two buttons: "Save" and "Next".

Section	Field Name	Field Type	Mandatory
Personal Information	Gender	Dropdown	Yes
	Last Name	Text	Yes
	Nationality	Dropdown	Yes
	First Name	Text	Yes
	Full Name	Text	Yes
	Date of Birth	Text	Yes
Employment Details	Occupation Type	Dropdown	Yes
	Organization Name	Text	Yes
	Total Work Experience	Text	Yes
Address Details	House No	Text	Yes
	State	Dropdown	Yes
	Country	Dropdown	Yes
	City	Dropdown	Yes
	House No	Text	Yes

- a. All fields marked with (\*) are mandatory
- b. Date of Birth should be in the format of DD-MM-YYYY
- c. The House Number should be numeric only.
- d. First Name and Last Name must be alphabets only and contains minimum 3 characters.
- e. Total Work Experience must be positive number only and minimum value is 0.
- f. Based on the country being selected in the drop-down, the state drop-down shows the corresponding states and when a state is selected, the city drop-down shows the corresponding cities

When user clicks on the "Loan Information" Link, the following screen must be visible in the same in the same place.
